During the term of the Agreement, Patheon will provide manufacturing services to the Company for the manufacturing of M207, including, services related to processing, packaging, labelling and storing M207, in addition to other services such as stability testing, quality control and assurance and waste disposal.

The Company is required to pay for commercial supply by Patheon in annual base fees in equal monthly installments in the amounts specified in the Agreement. In addition, the Company is required to pay an additional product fee for units in excess of the number of units covered by the base fee at the price per unit provided for in the Agreement. The Agreement contains negotiated representations and warranties, indemnification, limitations of liability, and other provisions. The initial term of the Agreement continues until the seventh anniversary of the date on which the Company receives regulatory approval of M207 in the United States.
