This Proxy Solicitation

We have sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at the meeting (including any adjournment or postponement of the meeting).

- *This proxy statement* summarizes information about the proposals to be considered at the meeting and other information you may find useful in determining how to vote.
- *The proxy card* is the means by which you actually authorize another person to vote your shares at the meeting in accordance with your instructions.

We will pay the cost of soliciting proxies. Our directors, officers and employees may solicit proxies in person, by telephone or by other means. We will reimburse brokers and other nominee holders of shares for expenses they incur in forwarding proxy materials to the beneficial owners of those shares. We do not plan to retain the services of a proxy solicitation firm to assist us in this solicitation.

We will mail this proxy statement and the enclosed proxy card to stockholders for the first time on or about April 30, 2018. In this mailing, we will include a copy of our 2017 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the year ended December 31, 2017 (as amended and excluding exhibits), as filed with the Securities and Exchange Commission, or SEC.

Who May Vote

Holders of record of our common stock at the close of business on April 26, 2018 are entitled to one vote per share of common stock on each proposal properly brought before the annual meeting.

Table of Contents

A list of stockholders entitled to vote will be available at the annual meeting. In addition, you may contact our President and Chief Executive Officer, John P. Walker, at our principal executive offices located at 34790 Ardentech Court, Fremont, California 94555, to make arrangements to review a copy of the stockholder list at those offices, between the hours of 9:00 a.m. and 5:30 p.m., Pacific time, on any business day from May 1, 2018 to the time of the annual meeting.

How to Vote

You are entitled to one vote at the meeting for each share of common stock registered in your name at the close of business on April 26, 2018, the record date for the meeting. You may vote your shares at the meeting in person, by proxy, via the internet or via the toll-free number (for residents of the United States and Canada) listed on your proxy card.

- *To vote in person*, you must attend the meeting, and then complete and submit the ballot provided at the meeting.
- *To vote by proxy*, you must complete and return the enclosed proxy card. Your proxy card will be valid only if you sign, date and return it before the meeting. By completing and returning the proxy card, you will direct the persons named on the proxy card to vote your shares at the meeting in the manner you specify. If you complete all of the proxy card except the voting instructions, then the designated persons will vote your shares FOR the re-election of Mr. Walker as a Class I director, FOR the approval of amendment to our Amended and Restated 2014 Equity and Incentive Plan to increase the number of shares available for issuance thereunder, FOR the approval of amendment to our Amended and Restated 2014 Equity and Incentive Plan to change the reference date included in the provision that provides for an annual increase in the number of shares issuable thereunder and FOR the ratification of our independent registered public accounting firm. If any other business properly comes before the meeting, then the designated persons will have the discretion to vote in any manner they deem appropriate.
- *To vote via the internet*, you must access the website for internet voting at www.investorvote.com/ZSAN. Please have the enclosed proxy card handy when you access the website, and then follow the on-screen instructions. Internet voting facilities for stockholders of record will be available 24 hours a day until 1:00 a.m. (Central time) on May 31, 2018. Please have the enclosed proxy card handy when you call, and then follow the instructions. If you vote via telephone, you do not have to return your proxy card via mail.

If you vote by proxy or via the internet or telephone, you may revoke your vote at any time before it is exercised by taking one of the following actions:

- voting again by proxy or via the internet or telephone on a later date; or
- attending the meeting, notifying our Secretary that you are present, and then voting in person.

Shares Held by Brokers or Nominees

If the shares you own are held in “street name” by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides to you. Many brokers also offer the option of providing voting instructions to them over the internet or by telephone, directions for which would be provided by your brokerage firm on your voting instruction form.

[Table of Contents](#)

Under stock exchange rules applicable to most brokerage firms, if you do not give instructions to your broker, it is permitted to vote any shares it holds for your account in its discretion with respect to “routine” proposals, but it is not allowed to vote your shares with respect to certain non-routine proposals. **Proposal 1, regarding the election of directors, and Proposals 2 and 3, regarding amendments to the Amended and Restated 2014 Equity and Incentive Plan, are “non-routine” proposals. If you do not instruct your broker how to vote with respect to Proposals 1, 2 and 3, your broker will not vote on them and your shares will be recorded as “broker non-votes” and will not affect the outcome of the vote on Proposals 1, 2 and 3.** “Broker non-votes” are shares that are held in “street name” by a bank or brokerage firm that indicates on its proxy that, while voting in its discretion on one matter, it does not have or did not exercise discretionary authority to vote on another matter.

Proposal 4, the ratification of Marcum LLP as our independent registered public accounting firm, is considered to be a “routine” item under the applicable rules and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name.

If a broker or nominee holds shares of our common stock in “street name” for your account, then this proxy statement may have been forwarded to you with a voting instruction card, which allows you to instruct the broker or nominee how to vote your shares on the proposals described herein. To vote by proxy or to instruct your broker how to vote, you should follow the directions provided with the voting instruction card. **In order to have your vote counted on Proposals 1, 2 and 3, you must either provide timely voting instructions to your broker or obtain a properly executed proxy from the broker or other record holder of the shares that authorizes you to act on behalf of the record holder with respect to the shares held for your account.**

Quorum Required to Transact Business

At the close of business on April 26, 2018, 11,973,039 shares of our common stock were outstanding. Our Bylaws require that a majority of the outstanding shares of our common stock be represented, in person or by proxy, at the meeting in order to constitute the quorum we need to transact business at the meeting. We will count abstentions and broker non-votes as shares represented at the meeting in determining whether a quorum exists.

Householding of Annual Meeting Materials

Some banks, brokers, and other nominee record holders may be “householding” our proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a copy of either document to you if you call or write us at our principal executive offices, 34790 Ardentech Court, Fremont, California 94555, Attention: John P. Walker, President and Chief Executive Officer, telephone: (510) 745-1200. In the future, if you want to receive separate copies of the proxy statement or annual report to stockholders, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and telephone number.

Annual Report on Form 10-K

We will promptly deliver to you a copy of our Annual Report on Form 10-K for the year ended December 31, 2017, as amended, and additional copies of our proxy statement, without charge, if you call or write us at the following address or telephone number: Zosano Pharma Corporation, 34790 Ardentech Court, Fremont, California 94555, Attention: John P. Walker, President and Chief Executive Officer, telephone: (510) 745-1200.

PROPOSAL 1: ELECTION OF DIRECTORS

The first proposal on the agenda for the annual meeting is the election of John P. Walker, to serve as a Class I director.

Our Board of Directors is divided into three classes:

- John P. Walker is a Class I director whose terms end at our annual meeting of stockholders in 2018;

The term of the Class I director elected at our 2018 annual meeting of stockholders will begin at the meeting and end at our 2021 annual meeting of stockholders, or, if later, when such director’s successor has been elected and has qualified.

The following table sets forth certain information as of April 20, 2018 regarding our Class I director, who has been nominated for re-election, and each other director who will continue in office following the 2018 Annual Meeting of Stockholders.

Continuing Directors

Kenneth R. Greathouse has served as a member of our Board of Directors since October 2017. Mr. Greathouse co-founded and has served as President of Argent Development Group since 2004, co-founded and has served as Chief Executive Officer of Melbourne Laboratories since 2012, co-founded and has served as Chief Executive Officer of Valcrest Pharmaceuticals since 2015 and co-founded and has served as Chief Executive Officer of Hesperian BioPharma since 2015. Prior to starting the Amgen Ventures fund, Mr. Hagan was Head of Corporate Development at Amgen, leading such notable transactions as the acquisition of Immunex and Tularik and the spinouts of Novatrone and Relypsa, as well as numerous other business development efforts totaling over \$15 billion in value. Before joining Amgen, Mr. Hagan spent five years in the bioengineering labs at Genzyme and Advance Tissue Sciences. Mr. Hagan has served as a director of Aurinia Pharmaceuticals, a publicly traded biotech company, since March 2018. He received an M.B.A. from Northwestern University and a B.S. in Physiology and Neuroscience from the University of California, San Diego. We believe that Mr. Hagan's education and professional background in science and business management, and his work as a senior executive in the biotechnology industry qualify him to serve as a member of our Board of Directors.

Troy Wilson, Ph.D., J.D. has served as a member of our Board of Directors since June 2014. Dr. Wilson has been President and Chief Executive Officer and a member of the board of directors of Kura Oncology, Inc., a public company, since August 2014. Dr. Wilson holds a J.D. from New York University and graduated with a Ph.D. in bioorganic chemistry and a B.A. in biophysics from the University of California, Berkeley. We believe that Dr. Wilson's senior executive experience managing, leading and developing various biopharmaceutical companies and his

extensive industry knowledge and board-level experience in the biopharmaceutical industry qualify him to serve as a member of our Board of Directors.

Kleanthis G. Xanthopoulos, Ph.D. has served as a member of our Board of Directors since April 2013. Dr. Xanthopoulos is an experienced and visionary leader in the biotechnology and pharmaceutical research industries, with a strong foundation in both operations and corporate development. He is currently President and CEO of IRRAS AB and he has been a Managing General Partner at Cerus DMCC, a life sciences investment company, since August 2015. From 2007 to June 2015, he was the President and Chief Executive Officer and a member of the board of directors of Regulus Therapeutics Inc. (RGLS). Prior to joining Regulus in 2007, Dr. Xanthopoulos was the Managing Director of Enterprise Partners Venture Capital. He co-founded Anadys Pharmaceuticals, Inc., served as their President and Chief Executive Officer from 2000 to 2006, and remained a director until its acquisition by Roche in 2011. Previously, he was an Associate Professor at the Karolinska Institute, Stockholm, Sweden. Dr. Xanthopoulos is chairman of the board of directors of Apricus Biosciences (Nasdaq: APRI) and he is a co-founder and a member of the board of directors of Sente, Inc. and Aspius Inc. Additionally, Dr. Xanthopoulos received the Ernst & Young Entrepreneur of the Year Award in Health Sciences in 2006 and was named Most Admired CEO by the San Diego Business Journal in 2013. An Onassis Foundation Scholar, Dr. Xanthopoulos received his B.Sc. in Biology with honors from Aristotle University of Thessaloniki, Greece, and his M.Sc. degree in Microbiology and Ph.D. degree in Molecular Biology from the University of Stockholm, Sweden, and a Postdoctoral Research Fellowship at The Rockefeller University, New York. We believe that Dr. Xanthopoulos's senior executive experience managing and developing a major biotechnology company and his extensive industry knowledge and leadership experience in the biotechnology industry qualify him to serve as a member of our Board of Directors.

If for any reason any of the nominees becomes unavailable for election, the persons designated in the proxy card may vote the shares represented by proxy for the election of a substitute nominated by the Board of Directors. The nominee has consented to serve as a director if elected, and we currently have no reason to believe that he will be unable to serve.

The nominee receiving the greatest numbers of votes cast will be elected as a Class I director. **Brokers may not vote shares they hold for you in the election of directors, unless they receive timely voting instructions from you.** We will not count abstentions or broker non-votes as having been cast for the election of a director.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RE-ELECTION OF MR. WALKER.

PROPOSAL 2: APPROVAL OF AN AMENDMENT TO THE AMENDED AND RESTATED 2014 EQUITY AND INCENTIVE PLAN, FOR THE PURPOSE OF INCREASING THE NUMBER OF SHARES OF OUR COMMON STOCK RESERVED FOR ISSUANCE THEREUNDER

We are asking stockholders to approve an amendment to our Amended and Restated 2014 Equity and Incentive Plan, referred to as the 2014 Plan, to increase the number of shares of common stock approved for issuance under the plan by 1,200,000 shares. The 2014 Plan is an important part of our compensation program and we believe it is essential to our ability to attract and retain highly qualified employees in an extremely competitive environment in which employees view equity incentives as an important component of their compensation.

The closing price of our common stock on the Nasdaq Capital Market on April 27, 2018 was \$4.22 per share. The material terms of the 2014 Plan and a more detailed description of the proposed amendment are set forth below.

General Description of 2014 Plan

The purpose of the 2014 Plan is to (i) provide long-term incentives and rewards to those employees, officers, directors and other key persons (including consultants) of the Company and its subsidiaries who are in a position to contribute to the long-term success and growth of the Company and its subsidiaries, (ii) to assist the Company and its subsidiaries in attracting and retaining persons with the requisite experience and ability, and (iii) to more closely align the interests of such employees, officers, directors and other key persons with the interests of the Company's stockholders. The 2014 Plan permits us to grant cash and equity-based awards to our employees, officers, directors and key persons (including consultants and prospective employees), including incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock awards, restricted stock units, unrestricted stock awards, performance share awards and dividend equivalent rights. To date, we have granted incentive stock options, non-statutory stock options, restricted stock and restricted stock units under the 2014 Plan. As of April 20, 2018, 51 employees were eligible to participate in the 2014 Plan. In addition, as of April 20, 2018, 148,173 shares of common stock are reserved for issuance under the 2014 Plan, of which 96,790 shares are subject to outstanding option awards, 2,589 shares have been issued and 48,794 shares remain available for future awards. Outstanding options have exercise prices ranging from \$10.60 to \$185.80. The weighted average exercise price of all outstanding options is \$23.36 per share. All options granted have a term of ten years. In addition to options, 3,450 shares of our common stock have been issued as restricted stock, of which 2,116 shares have vested and 1,334 shares have been cancelled and 473 restricted stock units, or RSUs, have been issued, of which all are vested and none have been cancelled.

The Compensation Committee has discretion with respect to the amount of any awards granted under the 2014 Plan and, therefore, total awards that may be granted during a fiscal year to our employees, including our executive officers, are not determinable until completion of the year. On April 16, 2018, the Compensation Committee and the Board of Directors granted a total of 948,700 conditional stock options to certain of our employees and executive officers as well as to our non-employee directors, which are subject to the approval of the amendment to the 2014 Plan set forth in this Proposal 2. If the amendment to the 2014 Plan is not approved, these conditional stock option grants will be cancelled. Each of our non-employee directors is awarded a stock option to purchase 1,500 shares of our common stock on January 1st of each year. These stock options vest in full on the first anniversary of the grant date, subject to continued service by the director. For more information, see "Director Compensation" below.

In connection with the consummation of our initial public offering of common stock in January 2015, our board of directors terminated the 2012 Stock Incentive Plan effective as of January 27, 2015 and no further awards may be issued under the 2012 Stock Incentive Plan, except that the awards outstanding under the 2012 Stock Incentive Plan at the time of its termination continue to be governed by the terms of the 2012 Stock Incentive Plan. Our 2014 Plan was approved by our stockholders in July 2014 and our 2012 Stock Incentive Plan was approved by our stockholders in April 2012.

Administration and Eligibility

Awards are made by the Compensation Committee, which has been designated by our Board of Directors to administer the 2014 Plan. Subject to certain limitations, the Compensation Committee may delegate to our Chief Executive Officer (so long as our Chief Executive Officer is a member of the Board of Directors) or to one or more members of our Board of Directors the power to make awards to participants who are not subject to Section 16 of the Securities Exchange Act of 1934 or “covered employees” for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”).

The Compensation Committee administers the 2014 Plan and determines the terms and conditions of each award to our executive officers and directors, including the exercise price, the form of payment of the exercise price, the number of shares subject to the award and the time at which such options become exercisable. The exercise price of any stock option granted under the 2014 Plan may not, however, be less than the fair market value of the common stock on the date of grant and the term of any such option cannot be greater than 10 years.

Awards

The 2014 Plan provides for the following categories of awards:

Options. Our 2014 Plan permits the granting of options to purchase common stock that are intended to qualify as “incentive stock options” under the Code, and options that do not qualify as incentive stock options, which are referred to as non-statutory stock options. We may grant non-qualified stock options to our employees, directors, officers, consultants or advisors in the discretion of our Compensation Committee. Incentive stock options will only be granted to our employees. The exercise price of each incentive stock option may not be less than 100% of the fair market value of shares of our common stock on the date of grant. If we grant incentive stock options to any person holding 10% or more of the outstanding voting stock of the Company, the exercise price may not be less than 110% of the fair market value of shares of our common stock on the date of grant. The exercise price of any non-qualified stock option will be determined by our Compensation Committee and may not be less than the fair market value of shares of our common stock.

The term of each option may not exceed 10 years from the date of grant, and no option shall be transferable by the optionee other than by will or by the laws of descent and distribution. Notwithstanding the foregoing, the Compensation Committee, in its sole discretion, may provide in the award agreement regarding a given option, or may agree in writing with respect to an outstanding option, that the optionee may transfer their non-statutory stock options to members of their immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this plan and the applicable option.

In general, an optionee may pay the exercise price of an option by cash or, if so provided in the applicable option agreement, by tendering shares of our common stock, by a “cashless exercise” through a broker supported by an irrevocable instruction to such broker to deliver sufficient funds to pay the applicable exercise price, by reducing the number of shares otherwise issuable to the optionee upon exercise of the option by a number of shares having a fair market value equal to the aggregate exercise price of the options being exercised or by any other method permitted by the compensation committee.

Stock appreciation rights. Pursuant to the 2014 Plan, we may grant stock appreciation rights, or an award entitling the recipient to receive cash or shares of our common stock having a value on the date of exercise calculated as follows: (i) the exercise price of a share of common stock on the grant date is less the fair market value of the common stock on the date of exercise and (ii) multiplied by the number of shares of stock with respect to which the stock appreciation right shall have been exercised. The exercise price of a stock appreciation right shall not be less than 100% of the fair market value of our common stock on the date of grant, and the terms and conditions of the stock appreciation rights shall be determined from time to time by the Compensation Committee.

[Table of Contents](#)

Restricted stock awards. Pursuant to the 2014 Plan, we may grant restricted stock awards entitling the recipient to acquire, at such a price as determined by the Compensation Committee, shares of common stock subject to such restrictions and conditions as the Compensation Committee may determine at the time of grant. Conditions may be based on continuing employment or achievement of pre-established performance goals and objectives. A holder of a restricted stock award may exercise voting rights upon (i) execution of a written instrument setting forth the award and (ii) payment of any applicable purchase.

Restricted stock units. Pursuant to the 2014 Plan, we may grant restricted stock units which entitle the holder, upon vesting of the right, to a number of shares of common stock as determined in the award agreement. The Compensation Committee shall determine the restrictions and conditions applicable to each restricted stock unit at the time of grant, and a holder of a restricted stock unit shall only have exercisable rights as a stockholder upon settlement of restricted stock units. Unless otherwise provided in the award agreement, a holder's rights in all restricted stock units that have not vested shall automatically terminate immediately following the holder's termination of employment with the Company for any reason.

Unrestricted stock awards. Pursuant to the 2014 Plan, we may grant unrestricted awards of shares of common stock free of any restrictions under the plan. The right to receive shares of unrestricted stock awards on a deferred basis may not be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution.

Performance share awards. Pursuant to the 2014 Plan, we may grant performance share awards entitling the recipient to acquire shares of common stock upon the attainment of specified performance goals; provided, however, that the Compensation Committee, in its discretion, may provide either at the time of grant or at the time of settlement that a performance share award will be settled in cash. The period during which performance is to be measured for performance share awards shall not be less than one year, and such performance share awards, and all rights with respect to such awards, may not be sold, assigned, transferred, pledged or otherwise encumbered.

Dividend equivalent rights. Pursuant to the 2014 Plan, we may grant dividend equivalent rights entitling the recipient to receive credits based on cash dividends that would be paid on the shares of stock specified in the dividend equivalent right (or other award to which it relates). Dividend equivalent rights may be settled in cash or shares of stock or a combination thereof, in a single installment or installments. A dividend equivalent right granted as a component of another award may provide that such dividend equivalent right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such dividend equivalent right shall expire or be forfeited or annulled under the same conditions as such other award.

Cash awards. The Compensation Committee, in its discretion, may provide for cash payments to be made under the 2014 Plan. Such cash awards may be made subject to such terms, conditions and restrictions as the Compensation Committee considers necessary or advisable.

Federal Income Tax Consequences Relating to Equity Awards.

Incentive Stock Options. An optionee does not realize taxable income upon the grant or exercise of an incentive stock option, known as an ISO, under the 2014 Plan. If no disposition of shares issued to an optionee pursuant to the exercise of an ISO is made by the optionee within two years from the date of grant or within one year from the date of exercise, then (a) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) is taxed to the optionee as a capital gain and any loss sustained will be a capital loss and (b) no deduction is allowed to Zosano for Federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an ISO are disposed of prior to the expiration of the two-year and one-year holding periods described above, referred to as a disqualifying disposition, then (a) the

[Table of Contents](#)

optionee realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof and (b) Zosano is entitled to deduct this amount. Any further gain realized is taxed as a capital gain and does not result in any deduction to us. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Non-statutory Stock Options. No income is realized by the optionee at the time a non-statutory option is granted. Upon exercise, (a) ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise and (b) Zosano receives a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a capital gain or loss and will not result in any deduction by Zosano.

Restricted Stock. Awards of restricted stock that are non-transferable and subject to forfeiture are generally not taxable to the recipient until the shares vest. When the shares vest, the recipient realizes compensation income equal to the difference between the amount paid for the shares and their fair market value at the time of the vesting, and we are entitled to a corresponding deduction. Appreciation in the value of the shares during the vesting period therefore increases the income subject to tax at ordinary income rates at the time of vesting as well as the corresponding deduction we are entitled to take at that time. The tax is payable for the year in which the vesting occurs, regardless of whether the shares are sold at that time. If the recipient is an employee, Zosano is required to withhold income and social security taxes from the compensation income (by withholding from shares, from other income of the employee or from a cash payment made by the employee to Zosano to cover the withholding taxes).

Instead of being taxed when the shares vest, a recipient may elect to be taxed in the year the shares are awarded by filing a “Section 83(b) election” with the Internal Revenue Service within 30 days after issuance of the restricted shares. The recipient then realizes compensation income in the year of the award equal to the difference between the amount paid for the shares and their fair market value at the time of issuance, and we are entitled to a corresponding deduction at that time.

Unrestricted Stock. Generally, a recipient will be taxed at the time of the grant of the award. The fair market value of the shares at that time will be treated as ordinary income. We receive a tax deduction for the amount reported as ordinary income to the recipient subject to the limitations of Internal Revenue Code Section 162(m). Upon disposition of the shares, any appreciation or depreciation after the taxable event is treated as short or long-term capital gain or loss and will not result in any further deduction by us.

Restricted Stock Units. A recipient does not realize taxable income upon the grant or vesting of a restricted stock unit. The recipient must include as ordinary income when an award is settled an amount equal to the excess of the fair market value of the shares (or the amount of cash) distributed to settle the award. Subject to the limitations of Internal Revenue Code Section 162(m), we receive a corresponding tax deduction at the time of settlement. If the award is settled in shares, then any subsequent appreciation or depreciation is treated as short or long-term capital gain or loss and will not result in any further deduction by us.

Internal Revenue Code Section 162(m). Effective for tax years beginning after December 31, 2016, United States tax laws generally will not allow publicly-held companies to obtain tax deductions for compensation in excess of \$1 million paid in any year to any of the chief executive officer, the chief financial officer, and the next three highest paid executive officers (each, a “covered employee”). For prior years there was an exception to this rule for “performance-based” compensation as defined in Internal Revenue Code Section 162(m), and this exemption will continue to be available with respect to payments made pursuant to binding agreements in effect as of November 2, 2017, and not materially modified. Our Compensation Committee had designed the 2014 Plan with the intention of satisfying the performance-based exemption under Section 162(m) with respect to restricted stock awards, restricted stock unit awards, performance share awards or cash awards, if any, granted to persons who were treated as covered employees under Section 162(m) as of the date of grant of such awards.

[Table of Contents](#)

Cash Awards. When a cash award is paid or otherwise made available to a participant, the award holder will recognize ordinary income in an amount equal to the cash received or made available. Income recognized by an award holder who is an employee is compensation subject to withholding at the time the cash is received and, therefore, the Company must properly withhold the required tax.

Proposed Amendment to the 2014 Plan

On April 16, 2018, the Compensation Committee and our Board of Directors voted, subject to stockholder approval, to amend the 2014 Plan to increase the number of shares available for issuance under the 2014 Plan by 1,200,000 shares. As of April 20, 2018, this will bring the total shares available for issuance to 1,248,794 shares, subject to adjustment for stock-splits and similar capital changes, and of which 948,700 shares underlie contingent stock options conditioned upon approval of the amendment to the 2014 Plan.

Stockholder approval of the 1,200,000 share increase is required under applicable Nasdaq Market Rules as well as to ensure that these shares may be treated as incentive stock options under the Internal Revenue Code. This amendment is intended to provide a sufficient number of shares of common stock for anticipated awards to eligible persons through 2018.

If Proposal 2 is approved by the requisite stockholders, the Company intends to register the additional shares reserved for issuance under the 2014 Plan by filing a registration statement on Form S-8 following stockholder approval.

New Plan Benefits

If Proposal 2 is approved, the Compensation Committee will be able to grant awards to our employees, officers and other key persons (including consultants) of the Company and its subsidiaries. Also, non-employee directors are eligible to receive awards under the 2014 Plan. Grants of awards under the 2014 Plan are discretionary to the Board and the Committee, to the extent that the Board has delegated its authority to the Committee to do so; consequently, except as provided below, it is not possible to determine at this time the amount or dollar value of awards to be provided under the 2014 Plan if our stockholders approve Proposal 2.

The table below provides the grants of options under the 2014 Plan, under which no Company shares will be issued unless and until we obtain stockholder approval of the increase in shares under the 2014 Plan. In April 2018, our Compensation Committee approved, subject to stockholder approval of Proposal 2, the grant of these options to purchase common stock to certain of our employees and executive officers as well as our non-employee directors. The options vest in substantially equal monthly installments over four years following the date of grant so that the options will be fully vested on the fourth anniversary of the date of grant.

PROPOSAL 3: APPROVAL OF AN AMENDMENT TO THE AMENDED AND RESTATED 2014 EQUITY AND INCENTIVE PLAN, FOR THE PURPOSE OF AMENDING THE PROVISION THEREIN THAT PROVIDES FOR CERTAIN ANNUAL AUTOMATIC INCREASES IN THE SHARES OF OUR COMMON STOCK RESERVED FOR ISSUANCE THEREUNDER

The purpose of the proposed amendment to the 2014 Plan is to amend our provision to reserve additional shares for issuance under the 2014 Plan on an annual basis commencing on January 1, 2019. Other than this change, which is described in more detail below under “Key Features of the Proposed Amendment to the 2014 Plan,” and the increase in the number of shares of our common stock authorized for issuance under the 2014 Plan described in Proposal 2, the terms of the 2014 Plan will remain unchanged. A copy of the proposed amendments to the 2014 Plan is included in this Proxy Statement as [Appendix A](#).

The 2014 Plan was originally approved by the Board on July 11, 2014 and by our stockholders on July 11, 2014, and originally authorized the Board to issue up to 70,000 shares of common stock to employees, directors and consultants. The 2014 Plan provides for an automatic annual increase in the number of shares authorized for issuance, effective on January 1st of each calendar year. Since the adoption of the Existing Plan, the number of shares of common stock authorized for issuance has been increased by: (i) 35,000 shares of common stock pursuant to an amendment approved by our stockholders on May 31, 2017, and (ii) 43,173 shares of common stock pursuant to the automatic increase provisions set forth in the 2014 Plan, bringing the total number of shares of common stock authorized for issuance under the 2014 Plan to 148,173 shares as of the date of this Proxy Statement. All such authorized shares have been adjusted to give effect to the 1-for-20 reverse stock split effected on January 25, 2018.

Key Features of the Proposed Amendment to the 2014 Plan

The proposed amendment to the 2014 Plan will only become effective if approved by our stockholders. If this Proposal 3 is approved, the following amendment will be made, which is designed to ensure the continued viability of the 2014 Plan and which the Board believes is aligned with the best interests of our stockholders:

Change to Provision that Provides for Certain Annual Automatic Increases

The share reserve of the 2014 Plan includes a provision, which provides that the number of shares available for issuance under the 2014 Plan automatically increases on January 1st of each calendar year, by **three percent (3%)** of the number of shares of common stock issued and outstanding on the immediately preceding **January 1** or such lesser number of shares of common stock as determined by the Compensation Committee. The proposed amendment to the 2014 Plan provides that the number of shares available for issuance under the 2014 Plan automatically increases on January 1st of each calendar year, beginning with 2019, by **three and one-half percent (3.5%)** of the number of shares of common stock issued and outstanding on the immediately preceding **December 31** or such lesser number of shares of common stock as determined by the Compensation Committee. If the Company’s stockholders do not approve this Proposal 3 at the Annual Meeting, the 2014 Plan’s provision will continue in its current form and we will continue to grant equity awards under the 2014 Plan in accordance with such provision and all other terms thereof.

Please see Proposal 2 for a description of outstanding awards and shares available for future awards under the 2014 Plan as of April 20, 2018.

Material Terms of the 2014 Plan

The material terms of the 2014 Plan are set forth in Proposal 2.

Please see Proposal 2 for information regarding benefits to be received under the 2014 Plan and the number of outstanding awards held by our executive officers, directors and employees under the 2014 Plan as of April 20, 2018.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT TO OUR AMENDED AND RESTATED 2014 EQUITY AND INCENTIVE PLAN.

PROPOSAL 4: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Marcum LLP served as our independent registered public accounting firm and audited our financial statements for the fiscal years ended December 31, 2017 and 2016. The Audit Committee of our Board of Directors has retained Marcum LLP as our independent registered public accounting firm to audit our financial statements for our fiscal year ending December 31, 2018.

Our Audit Committee is responsible for selecting and appointing our independent registered public accounting firm, and this appointment is not required to be ratified by our stockholders. However, our Audit Committee has recommended that the Board of Directors submit this matter to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, then the Audit Committee will reconsider whether to retain Marcum LLP, and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Zosano Pharma and our stockholders.

In order to pass, this proposal must receive a majority of the votes cast with respect to this matter. We will not count abstentions or broker non-votes as votes cast.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF MARCUM LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018.

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND MANAGEMENT

Board Composition

Our Board of Directors currently consists of five members, and there are no contractual obligations regarding the election of our directors. Each of our directors holds office until the director's successor has been elected and qualified or until the director's earlier death, resignation or removal.

Our Certificate of Incorporation and our Bylaws provide that the authorized number of directors may be changed only by resolution adopted by a majority of the authorized number of directors constituting the Board of Directors. Our Certificate of Incorporation and Bylaws also provide that a director may be removed only for cause by the affirmative vote of the holders of at least 66-2/3% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and that any vacancy on our Board of Directors, including a vacancy resulting from an increase in the authorized number of directors constituting the Board of Directors, may be filled only by vote of a majority of our directors then in office.

In accordance with the terms of our Certificate of Incorporation and Bylaws, our Board of Directors is divided into three classes, designated as Class I, Class II and Class III, with members of each Class serving staggered three-year terms, divided as follows:

- the Class I director is Mr. Walker, whose terms will expire at our 2018 Annual Meeting of Stockholders;
- the Class II director is Mr. Greathouse, whose term will expire at the annual meeting of stockholders to be held in 2019; and
- the Class III directors are Mr. Hagan, Dr. Wilson and Dr. Xanthopoulos, whose terms will expire at the annual meeting of stockholders to be held in 2020.

Upon the expiration of the term of a Class of directors, directors in that Class are eligible, if nominated, to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our common stock is listed on the Nasdaq Capital Market tier of the Nasdaq Stock Market. Under the rules of the Nasdaq Stock Market, independent directors must comprise a majority of a listed company's board of directors within 12 months from the date of listing in connection with the company's initial public offering. In addition, the rules of the Nasdaq Stock Market require that (i) on the date of listing in connection with a company's initial public offering, at least one member of each of the listed company's audit, compensation, and nominating and corporate governance committees be independent, (ii) within 90 days of the date of listing in connection with the company's initial public offering, a majority of the members of such committees be independent and (iii) within one year of the date of listing in connection with the company's initial public offering, all the members of such committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. Under the rules of the Nasdaq Stock Market, a director will only qualify as an "independent director" if, in the opinion of the company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered to be independent for purposes of Rule 10A-3 under the Exchange Act, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries or (2) be an affiliated person of the listed company or any of its subsidiaries.

Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our Board of Directors has determined that each of

[Table of Contents](#)

Mr. Greathouse, Mr. Hagan, Dr. Wilson and Dr. Xanthopoulos is an “independent director” as defined under Rule 5605(a)(2) of the Nasdaq Listing Rules, and that Mr. Walker is not an “independent director.” In making this determination, our Board of Directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining the independence of such directors, including the beneficial ownership of our capital stock by each non-employee director and by entities with which each non-employee director is associated.

In fiscal year 2017, our Board of Directors initially consisted of Dr. Konstantinos Alataris, Mr. Hagan, Mr. Bruce Steel, Dr. Wilson, Dr. Xanthopoulos, and Mr. Walker. Dr. Alataris resigned as a member of the Board of Directors effective as of May 8, 2017 and Mr. Steel resigned as a member of the Board of Directors effective as of December 13, 2017. Mr. Greathouse was appointed to fill a vacancy on our Board of Directors as a Class II Director on October 3, 2017.

Board Role in Risk Oversight

One of the key functions of our Board of Directors is informed oversight of our risk management process. Our Chairman and Chief Executive Officer is responsible for setting the strategic direction for our company and the day-to-day leadership and performance of the company. Our non-employee directors meet in executive session on a regular basis, without our Chairman and Chief Executive Officer present. The Board of Directors currently combines the roles of Chairman of the Board of Directors and Chief Executive Officer. Periodically, our Board of Directors assesses these roles and the board leadership structure to ensure the interests of the Company and its stockholders are best served. Our Board of Directors has determined that its current structure, with combined Chairman and Chief Executive Officer is in the best interests of the Company and its stockholders at this time.

A number of factors support the leadership structure chosen by our Board of Directors, including, among others:

- Mr. Walker has extensive knowledge of all aspects of the Company and its business and risks.
- Mr. Walker is intimately involved in the day-to-day operations of the Company and is best positioned to elevate the most critical business issues for consideration by the Board of Directors.
- The Board of Directors believes having Mr. Walker serve in both capacities allows him to more effectively execute the Company’s strategic initiatives and business plans and confront its challenges.
- A combined Chairman and Chief Executive Officer structure provides the Company with decisive and effective leadership with clearer accountability to our stockholders.
- This structure allows one person to speak for and lead the company and the Board of Directors.
- The combined role is both counterbalanced and enhanced by the effective oversight and independence of our Board of Directors and the leadership provided by our independent committee chairs.
- The Board of Directors believes that the use of regular executive sessions of the non-management Directors, along with the Board of Directors’ strong committee system and all Directors being independent except for Mr. Walker allow it to maintain effective oversight of management.

Our Board of Directors does not have a standing risk management committee, but rather administers this oversight function directly through the Board of Directors as a whole, as well as through various standing committees of our Board of Directors that address risks inherent in their respective areas of oversight. In particular, our Board of Directors is responsible for monitoring and assessing strategic risk exposure and our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors

[Table of Contents](#)

compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance practices, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these committees, which are the only standing committees of our Board of Directors, operates under a charter that has been approved by our Board of Directors. A current copy of the charter for each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee is available on our website, which is located at www.zosanopharma.com, under “Investors—Corporate Governance.”

Audit Committee. The current members of our Audit Committee are Mr. Greathouse, Mr. Hagan and Dr. Wilson, with Mr. Hagan serving as the Chair of the Audit Committee. Code of Business Conduct and Ethics; Corporate Governance Guidelines

We have adopted a written code of ethics that applies to our directors, executive officers and employees, and we also have adopted corporate governance guidelines. A copy of our code of ethics is posted on our website, which is located at www.zosanopharma.com, under “Investors—Corporate Governance.” If we make any substantive amendments to, or grant any waivers from, a provision of our code of ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website.

Meetings of the Board of Directors

No director attended fewer than 75% of the aggregate number of meetings of the Board of Directors and of any committee of the Board of Directors on which he served, in each case held during the period in which he served as a director, in fiscal year 2017.

Policy Regarding Board Attendance

Our directors are expected to attend meetings of the Board of Directors and meetings of committees of the Board of Directors on which they serve. Our directors are expected to spend the time needed at each meeting and to meet as frequently as necessary to properly discharge their responsibilities. We encourage members of our

[Table of Contents](#)

Board of Directors to attend our annual meetings of stockholders, but we do not have a formal policy requiring them to do so. Our annual meeting of stockholders for fiscal year 2016 was held on May 31, 2017 and was attended by one of the members of our Board of Directors.

Director Candidates and Selection Process

Our Nominating and Corporate Governance Committee, in consultation with our Board of Directors, is responsible for identifying and reviewing candidates to fill open positions on the Board of Directors, including positions arising as a result of the removal, resignation or retirement of any director, an increase in the size of the Board of Directors or otherwise, and recommending to our full Board of Directors candidates for nomination for election as directors. In evaluating the qualifications of candidates, the Nominating and Corporate Governance Committee will consider any requirements of applicable law and Nasdaq listing standards, a candidate's strength of character, judgment, business experience and specific areas of expertise, familiarity with our industry, principles of diversity, factors relating to the composition of our Board of Directors (including its size and structure), and such other factors as the Nominating and Corporate Governance Committee deems to be appropriate. The goal of the Nominating and Corporate Governance Committee is to assemble a Board of Directors that consists of individuals who bring a variety of complementary attributes and who, taken together, have the appropriate skills and experience to oversee our business. The Nominating and Corporate Governance Committee is responsible for reviewing from time to time the criteria it uses to evaluate the qualifications of candidates.

Our Nominating and Corporate Governance Committee has not adopted any formal policy, guidelines or procedures regarding the diversity of our Board of Directors. Our priority in selection of Board members is identification of members who will further the interests of our stockholders through an established record of professional accomplishment, the ability to contribute positively to the collaborative culture among Board members, knowledge of our business and understanding of the competitive landscape.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than five percent (5%) of our common stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Secretary, Zosano Pharma Corporation, 34790 Ardentech Court, Fremont, California 94555. Assuming that appropriate biographical and background material is provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates that it recommends. If the Board of Directors resolves to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting of stockholders. Any recommendation of a potential director nominee should also include a statement signed by the proposed nominee expressing a willingness to serve as a director if elected. As part of this responsibility, the Nominating and Corporate Governance Committee will be responsible for conducting, subject to applicable law, any and all inquiries into the background and qualifications of any candidate for election as a director and such candidate's compliance with the independence and other qualification requirements established by the Nominating and Corporate Governance Committee or imposed by applicable law or listing standards.

Communications with our Board of Directors

Stockholders wishing to communicate with our Board of Directors should send correspondence to the attention of our Secretary, Zosano Pharma Corporation, 34790 Ardentech Court, Fremont, California 94555, and should include with the correspondence evidence that the sender of the communication is one of our stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. Our Secretary will

[Table of Contents](#)

review all correspondence confirmed to be from stockholders in conjunction with the Chairman of the Board of Directors, who will decide whether or not to forward the correspondence or a summary of the correspondence to the full Board of Directors or a committee thereof. The Secretary and the Chairman of the Board of Directors will review all stockholder correspondence, but the decision to relay that correspondence to the full Board of Directors or a committee thereof will rest entirely within the discretion of the Chairman. Our Board of Directors believes that this process will suffice to handle the relatively low volume of communications we have historically received from our stockholders. If the volume of communications increases such that this process becomes burdensome to our Chairman, our Board of Directors may elect to adopt more elaborate screening procedures.

Director Compensation

Only our independent directors receive compensation for service on the Board of Directors. Each of our independent directors receives annual compensation as follows:

- for serving as a member of our Board of Directors, an annual cash retainer of \$45,000 and an annual grant of a non-statutory stock option to purchase 1,500 shares of our common stock (at a per share exercise price equal to fair market value on the date of grant) vesting one year from the date of grant; and
- for serving as the chairperson of the Audit Committee of the Board of Directors, an annual cash retainer of \$10,000; for serving as the chairperson of the Compensation Committee of the Board of Directors, an annual cash retainer of \$7,000; and for serving as the chairperson of the Nominating and Corporate Governance Committee of the Board of Directors, an annual cash retainer of \$7,000.

The cash fees described above are paid in monthly installments, in arrears. Non-employee directors are reimbursed upon request for travel and other out-of-pocket expenses incurred in connection with their attendance at meetings of the Board of Directors and of committees of the Board of Directors on which they serve.

In addition, it is our policy to grant to an independent director upon his or her initial election to our Board of Directors a non-statutory stock option to purchase a number of shares of our common stock equal to between, depending on his or her qualifications, approximately 0.125% and approximately 1.0% of our then outstanding common stock on a fully-diluted basis (at a per share exercise price equal to fair market value on the date of grant), with 25% of the shares vesting on the first anniversary of the date of election to the Board and the remaining shares vesting in equal monthly installments over the following three-year period.

EXECUTIVE COMPENSATION

Executive Summary

The compensation of our executive officers is determined by the Compensation Committee of our Board of Directors, and discussed by the Compensation Committee throughout the year. Our formal annual compensation review process generally takes place during the first quarter of each fiscal year, after the results of the previous fiscal year are known. Annual variable compensation and discretionary cash bonuses for the completed fiscal year, if any, and long-term equity-based incentive compensation, if any, are awarded by the Compensation Committee on a discretionary basis, generally during the first fiscal quarter, after a review of the previous fiscal year's results.

Our Compensation Committee is comprised entirely of non-employee directors, each of whom our Board of Directors has determined is independent within the meaning of the rules of the Nasdaq Stock Market. The members of the Compensation Committee have substantial managerial experience and wide contacts in the biotechnology and pharmaceutical industries and in the broader healthcare industry, upon which they rely in making their determinations. The Compensation Committee also takes into account publicly available information concerning the compensation practices of other companies in the biotechnology and pharmaceutical industries. This information is used by the Compensation Committee informally and primarily for purposes of comparison to ascertain whether our compensation practices for our executive officers are broadly competitive.

Our Chief Executive Officer makes recommendations with regard to the compensation of our executive officers other than himself, which are reviewed by the Compensation Committee. Executive officers do not participate in the process of establishing their own annual compensation.

The Compensation Committee does not have a formal benchmarking policy or a practice of establishing the amount of any element of our executive officers' compensation by reference to a fixed range of percentages or percentiles of the compensation of any peer or comparison group.

Our Compensation Committee has reviewed our compensation programs and believes that our compensation programs have not encouraged or rewarded excessive or inappropriate risk taking.

Narrative Disclosure to Summary Compensation Table

We review compensation annually for all of our employees, including our executives. In setting executive base salaries and bonuses and granting equity incentive awards, we consider compensation for comparable positions in the market, the historical compensation levels of our executives, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short- and long- term results that are in the best interests of our stockholders, and a long-term commitment to our company. We do not target a specific competitive position or a specific mix of compensation among base salary, bonus or long-term incentives.

Since the close of our initial public offering in January 2015, our compensation committee has approved the compensation and benefits of our executive officers. We have a formal employment agreement with John P. Walker, our President and Chief Executive Officer. Policy Regarding Hedging

We have adopted a policy that prohibits our officers, directors and employees from entering into any short sale of our securities, buying or selling publicly traded options on our common stock or hedging their positions in our securities, including through the use of instruments such as prepaid variable forwards, equity swaps, collars or exchange funds.

Section 16(a) Beneficial Ownership Reporting Compliance

Our executive officers and directors and persons who own beneficially more than 10% of our equity securities are required under Section 16(a) of the Securities Exchange Act of 1934 to file reports of ownership and changes in their ownership of our securities with the SEC. They must also furnish copies of these reports to us. Based solely on a review of the copies of reports furnished to us and written representations that no other reports were required, we believe that for 2017 our executive officers, directors and 10% beneficial owners complied with all applicable Section 16(a) filing requirements, except that each of Donald Kellerman and Hayley Lewis filed a late Form 4 reporting the grant of a contingent option award.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The following is a description of transactions since January 1, 2016 and any currently proposed transactions to which we have been or will be a party, and in which the amounts involved exceeded or will exceed \$120,000 (except as otherwise indicated) and any of our directors, executive officers or beneficial owners of more than five percent (5%) of our voting securities, or any of their respective affiliates or immediate family members, had or will have a direct or indirect material interest, which have not already been described in the “Executive Compensation” section of this proxy statement. We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, from unrelated third parties.

Real Property Lease with BMR

We have an operating lease with BMR-34790 Ardentech Court LP, which is an affiliate of BMV Direct SOTRS LP and BMV Direct SO LP, for a 55,000 square foot facility in Fremont, California, where we operate our manufacturing operations and house our engineering, research and development and administrative employees. For the years ended December 31, 2017 and 2016, we recorded rent expense for BMR-34790 Ardentech Court LP in the amount of approximately \$1.2 million and \$0.6 million, respectively. In June 2017, we further amended the lease to extend the term through August 31, 2024, with an option to further extend the term an additional 60 months, subject to certain terms and conditions. We agreed to pay a monthly base rent of \$136,191 for the period commencing September 1, 2017 and ending on August 31, 2018, with an increase on September 1, 2018 and annual increases on September 1st of each subsequent year until the lease year beginning September 1, 2023. The June 2017 amendment also provides for rent abatements, subject to certain conditions, totaling \$275,552 and certain tenant improvements to be completed at the Landlord’s expense (not to exceed \$975,000 or, under certain conditions, \$1,100,000).

Interests of Directors in our Financial Relationships

Bruce D. Steel, who served as director of the Company until December 13, 2017, may be deemed to have an indirect material interest in our financial relationships with certain of our stockholders based on his association with such stockholders. Mr. Steel is a limited partner with a variable economic interest in each of BMV Direct SOTRS LP and BMV Direct SO LP, which entitles him to a percentage of certain distributions of these entities. Mr. Steel does not have voting or dispositive control of either of these entities. Mr. Steel disclaims beneficial ownership in our securities directly held by these entities except to the extent of his pecuniary interest therein.

Indemnification of Officers and Directors

Our amended and restated certificate of incorporation and our amended and restated bylaws provide that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. In addition, we have entered into indemnification agreements with each of our directors that are broader in scope than the specific indemnification provisions contained in the Delaware General Corporation Law.

Policies and Procedures for Related Person Transactions

Pursuant to the charter for our Audit Committee, our Audit Committee is responsible for reviewing and approving in advance any related person transactions. For the purposes of this policy, a "related person transaction" is any transaction between us or any of our subsidiaries and any (a) of our directors or executive officers, (b) nominee for election as a director, (c) person known to us to own more than five percent (5%) of any class of our voting securities, or (d) member of the immediate family of any such person, if the nature of such transaction is such that it would be required to be disclosed under Item 404 of Regulation S-K (or any similar successor provision).

In determining whether to approve a related person transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the related person transaction is on terms no less favorable than terms generally available to an unaffiliated third person under the same or similar circumstances and the extent of the related person's interest in the transaction.

INFORMATION ABOUT OUR AUDIT COMMITTEE AND AUDITOR

Audit Committee Report

The primary role of our Audit Committee is to assist our Board of Directors in fulfilling its oversight responsibilities by reviewing the financial information proposed to be provided to stockholders and others, the adequacy of the system of internal control over financial reporting and disclosure controls and procedures established by management and the Board of Directors, and the audit process and our independent auditor's qualifications, independence and performance.

Management is responsible for establishing and maintaining the company's system of internal controls and for preparation of the company's financial statements. Our independent registered public accounting firm, Marcum LLP, is responsible for performing an audit of our consolidated financial statements in accordance with generally accepted auditing standards and issuing an opinion on the financial statements. The Audit Committee has met and held discussions with management and our independent auditor, and has also met separately with our independent auditor, without management present, to review the adequacy of our internal controls, financial reporting practices and audit process.

The Audit Committee has reviewed and discussed our audited consolidated financial statements for the year ended December 31, 2017 with management and the independent auditor. As part of this review, the Audit Committee discussed with Marcum LLP the communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

The Audit Committee has received from Marcum LLP a written statement describing all relationships between that firm and Zosano Pharma Corporation that might bear on the auditor's independence, consistent with Public Company Accounting Oversight Board Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence." The Audit Committee has discussed the written statement with the independent auditor, and has considered whether the independent auditor's provision of any consultation and other non-audit services to Zosano Pharma Corporation is compatible with maintaining the auditor's independence.

Based on the above-mentioned reviews and discussions with management and the independent auditor, the Audit Committee recommended to the Board of Directors that Zosano Pharma Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2017 as filed with the Securities and Exchange Commission.

(b) **Powers of Administrator.** The Administrator shall have the power and authority to grant Awards consistent with the terms of the Plan, including the power and authority:

- (i) to select the individuals to whom Awards may from time to time be granted;
- (ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock Awards, Restricted Stock Units, Unrestricted Stock Awards, Performance Share Awards, Dividend Equivalent Rights and Cash Awards, or any combination of the foregoing, granted to any one or more grantees;

- (iv) to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and grantees, and to approve the form of written instruments evidencing the Awards; except that repricing of Stock Options and Stock Appreciation Rights shall not be permitted without shareholder approval and *further provided* that, other than by reason of, or in connection with, death, Disability, retirement, involuntary termination of employment by the Company (without cause), or Change in Control, the Administrator shall not accelerate or waive any restriction period applicable to any outstanding Restricted Stock Award or any Restricted Stock Unit beyond the minimum restriction periods set forth in Section 8 and Section 9, respectively, nor shall the Administrator accelerate or amend the aggregate period over which any Performance Share Award is measured such that it is less than one (1) year;
- (v) to accelerate at any time the exercisability or vesting of all or any portion of any Award consistent with Section 3(b)(iv);
- (vi) subject to the provisions of Section 6(a)(ii), to extend at any time the period in which Stock Options may be exercised;
- (vii) to determine at any time whether, to what extent, and under what circumstances distribution or the receipt of Stock and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the grantee and whether and to what extent the Company shall pay or credit amounts constituting interest (at rates determined by the Administrator) or dividends or deemed dividends on such deferrals;
- (viii) at any time to adopt, alter and repeal such rules, guidelines and practices for administration and operation of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration and operation of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan; and
- (ix) to make any adjustments or modifications to Awards granted to participants who are working outside the United States and adopt any sub-plans as may be deemed necessary or advisable for participation of such participants, to fulfill the purposes of the Plan and/or to comply with applicable laws.

All decisions and interpretations of the Administrator shall be binding on all persons, including the Company and Plan grantees.

(c) Delegation of Authority to Grant Awards. The Administrator, in its discretion, may delegate to the Chief Executive Officer of the Company, *provided* that he or she is a member of the Board, or to one or more other members of the Board, all or part of the Administrator's authority and duties with respect to the granting of Awards at Fair Market Value, to individuals who are not Reporting Persons or Covered Employees. Section 4. Stock Issuable Under the Plan; Mergers; Substitution

(a) **Stock Issuable.** The maximum number of shares of Stock reserved and available for issuance under the Plan shall be ~~2,100,000~~ 1,305,000 shares (the "**Initial Limit**") (such number having been adjusted from 5,600,000, as set forth in the 2014 Equity and Incentive Plan as adopted by the Board on July 11, 2014, to reflect: (i) the 1-for-4 reverse split of the Stock effected on July 11, 2014 ~~and reflecting~~, (ii) an increase of 700,000 shares (prior to the 1-for-20 reverse split of the Stock effected on January 25, 2018) approved by stockholders on May 31, 2017, (the "**2017 SH Increase**"), (iii) the 1-for-20 reverse split of the Stock effected on January 25, 2018 and (iv) an increase of 1,200,000 shares approved by stockholders on May 31, 2018 (the "**2018 SH Increase**"), but not reflecting any Annual Increase (as defined below)), provided that ~~on the first January 1 to occur following the initial closing of the Company's initial public offering the number of shares of Stock reserved and available for issuance under the Plan shall be increased, to the extent necessary, so as to equal ten percent (10%) of the number of shares of Stock issued and outstanding immediately following the initial closing of Company's initial public offering and, if applicable, the closing of any exercise of the overallotment option granted to the underwriters in the Company's initial public offering;~~ (x) an annual increase of 359,008 shares that occurred on January 1, 2017 and an annual increase of 504,479 shares that occurred on January 1, 2018 (in each case, not reflecting the 1-for-20 reverse split of the Stock effected on January 25, 2018) and (v) effective and beginning on January 1, 2019 and on each January 1 thereafter, the number of shares of Stock reserved and available for issuance under the Plan shall be cumulatively increased by three ~~and one-half~~ percent (~~3.5~~%) of the number of shares of Stock issued and outstanding on the immediately preceding ~~January 1~~ December 31 or such lesser number of shares of Stock as determined by the Administrator (~~the each such annual increase in clauses (x) and (v), an~~ "**Annual Increase**"). As of May 31, 2018 and after giving effect to: (i) the Annual Increase that occurred on January 1, 2017, (ii) the 2017 SH Increase, (iii) the Annual Increase that occurred on January 1, 2018 and (iv) 2018 SH Increase, the total number of shares of Stock reserved and available for issuance under the Plan is 1,348,173. Subject to such overall limitation, the maximum aggregate number of shares of Stock that may be issued in the form of Incentive Stock Options shall not exceed the Initial Limit cumulatively increased on the first January 1 to occur following the initial closing of the Company's initial public offering and on each January 1 thereafter by the lesser of the Annual Increase for such year or ~~700,000~~ 35,000 (such number having been adjusted from 2,800,000, as set forth in the 2014 Equity and Incentive Plan as adopted by the Board on July 11, 2014, to reflect the 1-for-4 reverse split of the Stock effected on July 11, 2014 and the 1-for-20 reverse split of the Stock effected on January 25, 2018), subject in all cases to adjustment as provided in Section 4(b) (the "**Authorized Pool**"). For purposes of this limitation, in respect of any shares of Stock under any Award which shares are forfeited, canceled, satisfied without the issuance of Stock, otherwise terminated, or, for shares of Stock issued pursuant to any unvested full value Award, reacquired by the Company at not more than the grantee's purchase price (other than by exercise) ("**Unissued Shares**"), the number of shares of Stock that were removed from the Authorized Pool for such Unissued Shares shall be added back to the Authorized Pool. Notwithstanding the foregoing, upon the exercise of any Award to the extent that the Award is exercised through tendering (or attesting to) previously owned shares or through withholding shares that would otherwise be awarded and to the extent shares are withheld for tax withholding purposes, the Authorized Pool shall be reduced by the gross number of shares of Stock being exercised without giving effect to the number of shares tendered or withheld. Subject to such overall limitation, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award, including Incentive Stock Options, but except for Unrestricted Stock Awards (for which the maximum number of shares issuable subject to such Awards is limited to ten percent (10%) of such maximum number); *provided however* that the maximum number of shares of Stock subject to all Awards that may be granted under this Plan to any individual in the aggregate in any fiscal year of the Company shall not exceed the Initial Limit, subject to adjustment under Section 4(b) below. The shares available for issuance from the Authorized Pool may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company and held in its treasury, or shares purchased on the open market.

(b) Changes in Stock. Subject to Section 20 hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, or, if, as a result of any merger or consolidation, sale of all or substantially all of the assets of the Company, the outstanding shares of Stock are converted into or exchanged for a different number or kind of securities of the Company or any successor entity (or a parent or subsidiary thereof), the Administrator shall make an appropriate or proportionate adjustment in: (i) the maximum number of shares reserved for issuance under the Plan; (ii) the number of shares of Stock that can be granted to any one individual grantee; (iii) the maximum number of shares that may be granted under a Performance-Based Award (as defined in Section 13); (iv) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan; (v) the repurchase price per share subject to each outstanding Restricted Stock Award; and (vi) the price for each share subject to any then outstanding Stock Options and Stock Appreciation Rights under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of Stock Options or Stock Appreciation Rights) as to which such Stock Options and Stock Appreciation Rights remain exercisable. The adjustment by the Administrator shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Administrator in its discretion may make a cash payment in lieu of fractional shares.

The Administrator may also adjust the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by the Administrator that such adjustment is appropriate to avoid distortion in the operation of the Plan, *provided* that no such adjustment shall be made in the case of an Incentive Stock Option, without the consent of the grantee, if it would constitute a modification, extension or renewal of the Option within the meaning of Section 424(h) of the Code.

(c) Substitute Awards. The Administrator may grant Awards under the Plan in substitution for stock and stock-based awards held by employees, directors or other key persons of another corporation in connection with the merger or consolidation of the employing corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the employing corporation. The Administrator may direct that the substitute awards be granted on such terms and conditions as the Administrator considers appropriate in the circumstances. Any substitute Awards granted under the Plan shall not count against the share limitation applicable to individuals set forth in the penultimate sentence of Section 4(a).

Section 5. Eligibility

Incentive Stock Options may only be granted to employees (including officers and directors who are also employees) of the Company or a Subsidiary. All other Awards may be granted to employees, officers, directors and key persons (including consultants and prospective employees) of the Company and its Subsidiaries.

Section 6. Stock Options

Any Stock Option granted under the Plan shall be in such form as the Administrator may from time to time approve.

Stock Options granted under the Plan may be either Incentive Stock Options or Nonstatutory Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a "subsidiary corporation" within the meaning of Section 424(f) of the Code. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Nonstatutory Stock Option.

[Table of Contents](#)

(a) Stock Options. Stock Options granted pursuant to this Section 6 shall be subject to the terms and conditions set forth herein and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator shall deem desirable. If the Administrator so determines, Stock Options may be granted in lieu of cash compensation at the option holder's election, subject to such terms and conditions as the Administrator may establish.

- (i) Exercise Price. The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 6 shall be determined by the Administrator at the time of grant but shall not be less than one hundred percent (100%) of the Fair Market Value on the Grant Date. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the option price of such Incentive Stock Option shall be not less than one hundred ten percent (110%) of the Fair Market Value on the Grant Date.
- (ii) Option Term. The term of each Stock Option shall be fixed by the Administrator, but no Stock Option shall be exercisable more than ten (10) years after the date the Stock Option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the term of such Stock Option shall be no more than five (5) years from the date of grant.
- (iii) Exercisability; Rights of a Stockholder. Stock Options shall become exercisable at such time or times, whether or not in installments, as shall be determined by the Administrator at or after the Grant Date. The Administrator may at any time accelerate the exercisability of all or any portion of any Stock Option. An option holder shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.
- (iv) Method of Exercise. Stock Options may be exercised in whole or in part, by giving written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods to the extent provided in the Option Award Agreement:
 - (A) In cash, or by certified or bank check or other instrument acceptable to the Administrator;
 - (B) Through the delivery (or attestation to the ownership) of shares of Stock that are not then subject to restrictions under any Company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date;
 - (C) By a "cashless exercise" arrangement pursuant to which the option holder delivers to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; *provided* that in the event the option holder chooses to pay the purchase price as so provided, the option holder and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Administrator shall prescribe as a condition of such payment procedure;
 - (D) By a "net exercise" arrangement pursuant to which the Company will reduce the number of shares of Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; or
 - (E) Any other method permitted by the Administrator.

Payment instruments will be received subject to collection. The delivery of certificates representing the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from

the option holder (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Option Award Agreement or applicable provisions of laws. In the event an option holder chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the option holder upon the exercise of the Stock Option shall be net of the number of shares attested to.

- (v) Annual Limit on Incentive Stock Options. To the extent required for “incentive stock option” treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an option holder during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Nonstatutory Stock Option.
- (vi) Exercise Period following Termination. When an option holder’s employment (or other service relationship) with the Company and its Subsidiaries terminates, the option holder’s Stock Options may be exercised within the period of time specified in the Award Agreement evidencing the Stock Option, to the extent that the Stock Option is vested on the option holder’s Termination Date. In the absence of a specific period of time set forth in the Award Agreement a Stock Option shall remain exercisable (to the extent vested on the option holder’s Termination Date): (i) for three (3) months following the Termination Date upon any termination other than for Disability or death; or (ii) for twelve (12) months following the Termination Date upon termination for Disability or death, or if an option holder dies within three (3) months after his Termination Date; *provided however* that in no event shall any Option be exercisable after the expiration of the term of such Option.

(b) Non-transferability of Options. No Stock Option shall be transferable by the option holder otherwise than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the option holder’s lifetime, only by the option holder, or by the option holder’s legal representative or guardian in the event of the option holder’s incapacity. Notwithstanding the foregoing, the Administrator, in its sole discretion, may provide in the Award Agreement regarding a given Option, or may agree in writing with respect to an outstanding Option, that the option holder may transfer his Nonstatutory Stock Options to members of his immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, *provided* that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Option.

(c) Form of Settlement. Shares of Stock issued upon exercise of a Stock Option shall be free of all restrictions under the Plan, except as otherwise provided in the Plan.

Section 7. Stock Appreciation Rights

(a) Nature of Stock Appreciation Rights. A Stock Appreciation Right is an Award entitling the recipient to receive cash or shares of Stock, as determined by the Administrator, having a value on the date of exercise calculated as follows: (i) the Grant Date exercise price of a share of Stock is (ii) subtracted from the Fair Market Value of the Stock on the date of exercise; and (iii) the difference is multiplied by the number of shares of Stock with respect to which the Stock Appreciation Right shall have been exercised.

(b) Exercise Price of Stock Appreciation Rights. The exercise price of a Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of the Stock on the Grant Date.

(c) Grant and Exercise of Stock Appreciation Rights. Stock Appreciation Rights may be granted by the Administrator independently of any Stock Option granted pursuant to Section 6 of the Plan.

Table of Contents

(d) Terms and Conditions of Stock Appreciation Rights. Stock Appreciation Rights shall be subject to such terms and conditions as shall be determined from time to time by the Administrator. The term of a Stock Appreciation Right may not exceed ten (10) years.

(e) Exercise Period following Termination. When a recipient's employment (or other service relationship) with the Company and its Subsidiaries terminates, the recipient's Stock Appreciation Rights may be exercised within the period of time specified in the Award Agreement evidencing the Stock Appreciation Right, to the extent that the Stock Appreciation Right is exercisable on the recipient's Termination Date. In the absence of a specific period of time set forth in the Award Agreement a Stock Appreciation Right shall remain exercisable (to the extent exercisable on the recipient's Termination Date): (i) for three (3) months following the Termination Date upon any termination other than for Disability or death; or (ii) for twelve (12) months following the Termination Date upon termination for Disability or death, or if a recipient dies within three (3) months after his Termination Date; *provided however* that in no event shall any Stock Appreciation Right be exercisable after the expiration of the term of such Stock Appreciation Right.

Section 8. Restricted Stock Awards

(a) Nature of Restricted Stock Awards. A Restricted Stock Award is an Award entitling the recipient to acquire, at such purchase price (if any) as determined by the Administrator, shares of Stock subject to such restrictions and conditions as the Administrator may determine at the time of grant ("***Restricted Stock***"). Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The grant of a Restricted Stock Award is contingent on the grantee executing the Restricted Stock Award Agreement. The terms and conditions of each such agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees.

(b) Rights as a Stockholder. Upon execution of a written instrument setting forth the Restricted Stock Award and payment of any applicable purchase price, a grantee shall have the rights of a stockholder with respect to the voting of the Restricted Stock, subject to any exceptions or conditions contained in the written instrument evidencing the Restricted Stock Award. Unless the Administrator shall otherwise determine, certificates evidencing the Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 8(d) below, and the grantee shall be required, as a condition of the grant, to deliver to the Company a stock power endorsed in blank.

(c) Restrictions. Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Restricted Stock Award agreement. If a grantee's employment (or other service relationship) with the Company and its Subsidiaries terminates for any reason, the Company shall have the right to repurchase Restricted Stock that has not vested at the time of termination at its original purchase price, if any, from the grantee or the grantee's legal representative. Unless otherwise stated in the written instrument evidencing the Restricted Stock Award, any Restricted Stock for which the grantee did not pay any purchase price and which is not vested at the time of the grantee's termination of employment (or other service relationship) shall automatically be forfeited immediately following such termination.

(d) Vesting of Restricted Stock. The Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company's right of repurchase or forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed "vested." Except as may otherwise be provided by the Administrator either in the Award Agreement or, subject to Section 18 below, in writing after the Award Agreement is issued, a grantee's rights in any shares of Restricted Stock that have not vested shall automatically terminate upon the grantee's termination of employment (or other service relationship) with the Company and its Subsidiaries and such shares shall be subject to forfeiture or the Company's right of repurchase as provided in Section 8(c) above.

[Table of Contents](#)

(e) Waiver, Deferral and Reinvestment of Dividends. The Restricted Stock Award Agreement may require or permit the immediate payment, waiver, deferral or investment of dividends paid on the Restricted Stock.

Section 9. Restricted Stock Units

(a) Nature of Restricted Stock Units. A Restricted Stock Unit is a contract right representing the right to receive, upon its vesting, one (1) share of Stock (or a percentage or multiple of one (1) share of Stock if so specified in the Award Agreement evidencing the Restricted Stock Unit Award) for each Restricted Stock Unit awarded to a grantee and represents an unfunded and unsecured obligation of the Company. The Administrator shall determine the restrictions and conditions applicable to each Restricted Stock Unit at the time of grant. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The terms and conditions of each such Award Agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees. At the end of the vesting period, the Restricted Stock Units, to the extent vested, shall be settled in the form of shares of Stock. Notwithstanding the foregoing, the Administrator, in its discretion, may determine either at the time of grant or at the time of settlement, that a Restricted Stock Unit shall be settled in cash. To the extent that an award of Restricted Stock Units is subject to Section 409A, it may contain such additional terms and conditions as the Administrator shall determine in its sole discretion in order for such Award to comply with the requirements of Section 409A.

(b) Rights as a Stockholder. A grantee shall have the rights as a stockholder only as to shares of Stock acquired by the grantee upon settlement of Restricted Stock Units; *provided, however*, that the grantee may be credited with Dividend Equivalent Rights with respect to the unissued shares of Stock underlying his Restricted Stock Units, subject to such terms and conditions as the Administrator may determine.

(c) Termination. Except as may otherwise be provided by the Administrator either in the Award Agreement or, subject to Section 18 below, in writing after the Award is issued, a grantee's right in all Restricted Stock Units that have not vested shall automatically terminate immediately following the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

Section 10. Unrestricted Stock Awards

(a) Grant or Sale of Unrestricted Stock. The Administrator may, in its sole discretion, grant (or sell at a purchase price determined by the Administrator) an Unrestricted Stock Award to any grantee, pursuant to which such grantee may receive shares of Stock free of any restrictions ("Unrestricted Stock") under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such participant.

(b) Restrictions on Transfers. The right to receive shares of Unrestricted Stock on a deferred basis may not be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution.

Section 11. Performance Share Awards

(a) Nature of Performance Share Awards. A Performance Share Award is an Award entitling the recipient to acquire shares of Stock upon the attainment of specified performance goals; *provided however* that the Administrator, in its discretion, may provide either at the time of grant or at the time of settlement that a Performance Share Award will be settled in cash. The Administrator may make Performance Share Awards independent of or in connection with the granting of any other Award under the Plan. The Administrator in its sole discretion shall determine whether and to whom Performance Share Awards shall be made, the performance goals, the periods during which performance is to be measured (which in the aggregate shall not be less than one (1) year), and all other limitations and conditions.

[Table of Contents](#)

(b) Restrictions of Transfer. Performance Share Awards, and all rights with respect to such Awards, may not be sold, assigned, transferred, pledged or otherwise encumbered.

(c) Rights as a Stockholder. A grantee receiving a Performance Share Award shall have the rights of a stockholder only as to shares actually received by the grantee under the Plan and not with respect to shares subject to the Award but not actually received by the grantee. A grantee shall be entitled to receive a stock certificate or book entry evidencing the acquisition of shares of Stock (unless the Administrator has provided for cash settlement) only upon satisfaction of all conditions specified in the Performance Share Award Agreement (or in a performance plan adopted by the Administrator).

(d) Termination. Except as may otherwise be provided by the Administrator either in the Award Agreement or, subject to Section 18 below, in writing after the Award Agreement is issued, a grantee's rights in all Performance Share Awards shall automatically terminate immediately following the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

Section 12. Cash Awards

The Administrator, in its discretion, may provide for cash payments to be made under the Plan as a form of Award, and may provide for Cash Awards to be made to Covered Employees pursuant to Section 13 below. Such Cash Awards may be made subject to such terms, conditions and restrictions as the Administrator considers necessary or advisable.

Section 13. Performance-Based Awards to Covered Employees

(a) Performance-Based Awards. A Performance-Based Award means any Restricted Stock Award, Restricted Stock Unit, Performance Share Award or Cash Award granted to a Covered Employee that is intended to qualify as "performance-based compensation" under Section 162(m) of the Code and any regulations appurtenant thereto. Any employee or other key person providing services to the Company and who is selected by the Administrator may be granted one or more Performance-Based Awards in the form of a Restricted Stock Award, Restricted Stock Units, Performance Share Award or Cash Award payable upon the attainment of Performance Goals that are established by the Administrator and related to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Administrator. The Administrator shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for any Performance Period. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall company performance or the performance of a division, business unit, or an individual. The Administrator, in its discretion, may adjust or modify the calculation of Performance Goals for such Performance Period in order to prevent the dilution or enlargement of the rights of an individual: (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development; (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, or the financial statements of the Company; or (iii) in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions *provided however*, that the Administrator may not exercise such discretion in a manner that would increase the Performance-Based Award granted to a Covered Employee. Each Performance-Based Award shall comply with the provisions set forth below.

(b) Grant of Performance-Based Awards. With respect to each Performance-Based Award granted to a Covered Employee, the Administrator shall select, within the first ninety (90) days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the Performance Criteria for such grant, and the Performance Goals with respect to each Performance Criterion (including a threshold level of performance below which no amount will become payable with respect to such Award). Each Performance-Based Award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. The Performance Criteria established by the

Table of Contents

Administrator may be (but need not be) different for each Performance Period and different Performance Goals may be applicable to Performance-Based Awards to different Covered Employees.

(c) Payment of Performance-Based Awards. Following the completion of a Performance Period, the Administrator shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, shall calculate and certify in writing the amount of the Performance-Based Awards earned for the Performance Period. The Administrator shall then determine the actual size of each Covered Employee's Performance-Based Award, and, in doing so, may reduce (but not increase) or eliminate the amount of the Performance-Based Award for a Covered Employee if, in its sole judgment, such reduction or elimination is appropriate.

(d) Maximum Award Payable. The maximum Performance-Based Award payable to any one Covered Employee under the Plan for any twelve (12)-month period that is included in a Performance Period is a number of shares of Stock equal to the Initial Limit, (subject to adjustment as provided in Section 4(b) hereof) or two million dollars (\$2,000,000) in the case of a Performance-Based Award that is a Cash Award.

Section 14. Dividend Equivalent Rights

(a) Dividend Equivalent Rights. A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash dividends that would be paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares were held by the recipient. A Dividend Equivalent Right may be granted hereunder to any participant, as a component of another Award or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the Award grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by the Company, if any. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other Award.

(b) Interest Equivalents. Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may, but need not, provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.

Section 15. Tax Withholding

(a) Payment by Grantee. Each grantee shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes taxable, pay to the Company, or make arrangements satisfactory to the Administrator regarding payment of, any Federal, state, local or foreign taxes of any kind required by law to be withheld with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the grantee. The Company's obligation to deliver stock certificates to any grantee is subject to and is conditioned on tax obligations being satisfied by the grantee.

(b) Payment in Stock. If provided in the instrument evidencing an Award, either the grantee or the Company may elect to have the statutory minimum required tax withholding obligation satisfied, in whole or in part, by: (i) withholding from shares of Stock to be issued pursuant to any Award a number of shares with an aggregate

Table of Contents

Fair Market Value (as of the date the withholding is effected) that would satisfy such withholding amount due; or (ii) allowing a grantee to transfer to the Company shares of Stock owned by the grantee with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy such withholding amount due.

Section 16. Section 409A Awards

To the extent that any Award is determined to constitute “nonqualified deferred compensation” within the meaning of Section 409A (a “**409A Award**”), the Award shall be subject to such additional rules and requirements as specified by the Administrator from time to time in order to comply with Section 409A. In this regard, if any amount under a 409A Award is payable upon a “separation from service” (within the meaning of Section 409A) to a grantee who is then considered a “specified employee” (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of: (i) six (6) months and one (1) day after the grantee’s separation from service; or (ii) the grantee’s death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. Further, the settlement of any 409A Award may not be accelerated or postponed except to the extent permitted by Section 409A.

Section 17. Transfer, Leave Of Absence, Etc.

For purposes of the Plan, the following events shall not be deemed a termination of employment:

(a) a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another; or

(b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee’s right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

Section 18. Amendments and Termination

Subject to requirements of law or any stock exchange or similar rules which would require a vote of the Company’s shareholders, the Board may, at any time, amend or discontinue the Plan and the Administrator may, at any time, amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder’s consent. If and to the extent determined by the Administrator to be required by the Code to ensure that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code or to ensure that compensation earned under Awards qualifies as performance-based compensation under Section 162(m) of the Code, if and to the extent intended to so qualify, Plan amendments shall be subject to approval by the Company stockholders entitled to vote at a meeting of stockholders. Nothing in this Section 18 shall limit the Administrator’s authority to take any action permitted pursuant to Section 4(c).

Section 19. Status of Plan

With respect to the portion of any Award that has not been exercised and any payments in cash, Stock or other consideration not received by a grantee, a grantee shall have no rights greater than those of a general creditor of the Company unless the Administrator shall otherwise expressly determine in connection with any Award or Awards. In its sole discretion, the Administrator may authorize the creation of trusts or other arrangements to meet the Company’s obligations to deliver Stock or make payments with respect to Awards hereunder, *provided* that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

Section 20. Change in Control Provisions

(a) Upon the occurrence of a Change in Control as defined in this Section 20, the Administrator in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or payment of the Award; (ii) provide for termination of any Awards not exercised prior to the occurrence of a Change in Control; *provided* that the holder of any such Award is given written notice of such prospective action by the Administrator at least ten (10) calendar days prior to the effective date of the Change in Control; (iii) provide for payment to the holder of the Award of cash or other property with a Fair Market Value equal to the amount that would have been received upon the exercise or payment of the Award had the Award been exercised or paid upon the Change in Control in exchange for cancellation of the Award; (iv) adjust the terms of the Award in a manner determined by the Administrator to reflect the Change in Control; (v) cause the Award to be assumed, or new rights substituted therefor, by another entity; or (vi) make such other provision as the Administrator may consider equitable to the holders of Awards and in the best interests of the Company.

(b) “*Change in Control*” or “*Change in Control of the Company*” shall mean the occurrence of any one of the following:

- (i) Any “Person”, as such term is used in Sections 13(d) and 14(d) of the Act, other than the Company or a Subsidiary, becomes a beneficial owner (within the meaning of Rule 13d-3, as amended, as promulgated under the Exchange Act), directly or indirectly, in one or a series of transactions, of securities representing more than 50% of the combined voting power of the Company’s then outstanding securities;
- (ii) The consummation of a merger or consolidation of the Company with any other Person, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity), more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation;
- (iii) The closing of a sale or other disposition by the Company of all or substantially all of the assets of the Company;
- (iv) Individuals who constitute the Board on the date hereof (“*Incumbent Directors*”) cease for any reason to constitute at least a majority of the Board; *provided*, that any individual who becomes a member of the Board subsequent to the date hereof, whose election or nomination for election was approved by a vote of at least two-thirds of the Incumbent Directors shall be treated as an Incumbent Director unless he or she assumed office as a result of an actual or threatened election contest with respect to the election or removal of directors; or
- (v) A complete liquidation or dissolution of the Company;

provided, in each case, that such event also constitutes a “change in control event” within the meaning of the Treasury Regulation Section 1.409A-3(i)(5) if necessary to avoid the imposition of additional taxes under Section 409A.

Section 21. General Provisions

(a) No Distribution; Compliance with Legal Requirements. The Administrator may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Award until all applicable securities law and other legal and stock exchange or similar requirements, whether located in the United States or a foreign jurisdiction, have

Table of Contents

been satisfied. The Administrator may require the placing of such stop-orders and restrictive legends on certificates for Stock and Awards as it deems appropriate.

No Award under the Plan shall be a nonqualified deferred compensation plan, as defined in Code Section 409A, unless such Award meets in form and in operation the requirements of Code Section 409A(a)(2),(3), and (4).

Notwithstanding anything to the contrary contained in this Plan, Awards may be made to an individual who is a foreign national or employed or performing services outside of the United States on such terms and conditions different from those specified in the Plan as the Administrator considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable laws

(b) Delivery of Stock Certificates. Stock certificates to grantees under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the grantee, at the grantee's last known address on file with the Company. In lieu of delivery of stock certificates, the Company may, to the extent permitted by law and the Certificate of Incorporation and bylaws of the Company, issue shares of Stock hereunder in book entry form.

(c) Other Compensation Arrangements; No Employment Rights. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards do not confer upon any employee any right to continued employment with the Company or any Subsidiary.

(d) Trading Policy Restrictions. Option exercises and other Awards under the Plan shall be subject to such company's insider trading policy, as in effect from time to time.

(e) Forfeiture of Awards under Sarbanes-Oxley Act. If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, then, to the extent required by law, any grantee who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 shall reimburse the Company for the amount of any Award received by such individual under the Plan during the twelve (12)-month period following the first public issuance or filing with the United States Securities and Exchange Commission, as the case may be, of the financial document embodying such financial reporting requirement.

(f) Delivery and Execution of Electronic Documents. To the extent permitted by applicable law, the Company may: (i) deliver by email or other electronic means (including posting on a web site maintained by the Company or by a third party under contract with the Company) all documents relating to the Plan and any Award thereunder (including without limitation, prospectuses required by the SEC) and all other documents that the Company is required to deliver to its security holders (including without limitation, annual reports and proxy statements); and (ii) permit participants in the Plan to electronically execute applicable Plan documents (including but not limited to, Award Agreements) in a manner prescribed by the Administrator.

Section 22. Effective Date of Plan

This Plan shall become effective upon approval by the holders of a majority of the shares of Stock of the Company present or represented and entitled to vote at a meeting of stockholders at which a quorum is present or by written consent of the stockholders. Subject to such approval by the stockholders, Stock Options and other Awards may be granted hereunder on and after adoption of this Plan by the Board.

Section 23. Governing Law

This Plan and all Awards and actions taken thereunder shall be governed by, and construed in accordance with, the laws of The State of Delaware, applied without regard to conflict of law principles.
